

Newsteca

Newsteca Ltd was founded in 2000 in Milan as a publishing house specializing in the business travel and company car fleets industries. It publishes Mission , The business travels magazine and MissionFleet , The company car magazine.

Furthermore, its editorial staff offers a new and attractive editorial website, [**www.missionline.it**](http://www.missionline.it) , updated daily with the main news from the world of mobility .

Aware that the role of a trade magazine is to contribute to the maturation and growth of the market , **Newsteca organizes events , such as conferences , training courses and an award dedicated to the business travel industry leading companies , which is enjoying growing success and came to its third edition.**

MISSION La rivista dei viaggi d'affari

Mission is the leading magazine in the Italian business travel industry, available on the market since 2000. It is distributed, with a print run of 9500 copies, to the main Italian companies working in different sectors (mechanics, transport, chemicals and pharmaceuticals, IT and telecommunications, electronics, construction, banking and insurance, food, fashion and clothing). It is delivered to **travel managers** and those **professionals** who, in each company, are responsible for buying and managing business travels.

The magazine covers the main issues related to business travels: from contracts to expense report processing systems, from travel policy to software for self-booking, from environmental sustainability in business travels to new mobile technologies.

Mission is also delivered to over **1,000 operators in the tourism industry**: TMC, Travel Agencies, Airline Companies, Airports, Hotels and Hotel Chains, Rental Company, Technology Companies, Tourist Boards.

MISSIONFleet

La rivista dell'auto aziendale

MissionFleet is a magazine dedicated to the analysis and deeper understanding of all the complex issues related to company car fleets management.

With an average circulation of **6,500 copies**, **MISSIONFLEET** is distributed by postal subscription to a selected mailing list of industry players that, in large and medium-sized Italian and multinational companies **are in charge of managing car fleets** (fleet managers, purchasing managers, general services managers, etc.).

Privileged themes are therefore those of the **comparison between different supply models (ownership, rental, fleet management)**, of **contracts, outsourcing, administrative management, relationship with internal customers, of benefits and car policy management, of the workflow automation**.

Other topics covered are: the analysis of new car models, with specific focus on professional customer needs; commercial vehicles; technological and telematic accessories; after-sales services available to the fleet management.
